

# VOICES OF

## Southwest Medical Center

### How long have you worked at SWMC?

I have been with Southwest Medical Center for three years.

### Tell us a bit about your job.

I work in conjunction with the physicians to round and make changes to plans of care for patients. I also make assignments and help the rest of the staff with what they have going on. I help patients and their families with any questions they might have.

### What is most rewarding about your job?

The most rewarding part of my job is seeing patients leave the hospital happy and healthy. It makes me feel like I've accomplished something great. It makes all of the hard work worth it.

### What is one accomplishment, personal or professional, that you are most proud of & why?

One of my biggest accomplishments is being a dad. Even after the hardest days at work, when my daughter yells my name and runs to give me a hug when I get home, it makes it all worth it.
